

Chepping Wycombe Parish Council

Information & Data Protection Policy

Introduction

In order to conduct its business, services and duties, Chepping Wycombe Parish Council processes a wide range of data, relating to its own operations and some which it handles on behalf of partners. In broad terms, this data can be classified as:

- Data shared in the public arena about the services it offers, its mode of operations and other information it is required to make available to the public.
- Confidential information and data not yet in the public arena such as ideas or policies that are being worked up.
- Confidential information about other organisations because of commercial sensitivity.
- Personal data concerning its current, past and potential employees, Councillors, and volunteers.

Chepping Wycombe Parish Council will adopt procedures and manage responsibly, all data which it handles and will respect the confidentiality of both its own data and that belonging to partner organisations it works with and members of the public. In some cases, it will have contractual obligations towards confidential data, but in addition will have specific legal responsibilities for personal and sensitive information under data protection legislation.

The Council will periodically review and revise this policy in the light of experience, comments from data subjects and guidance from the Information Commissioners Office.

The Council will be as transparent as possible about its operations and will work closely with public, community and voluntary organisations. Therefore, in the case of all information which is not personal or confidential, it will be prepared to make it available to partners and residents. Details of information which is routinely available is contained in the Council's Publication Scheme which is based on the statutory model publication scheme for local councils.

Protecting Confidential or Sensitive Information

Chepping Wycombe Parish Council recognises it must at times, keep and process sensitive and personal information about both employees and the public, it has therefore adopted this policy not only to meet its legal obligations but to ensure high standards.

The General Data Protection Regulation (GDPR) which became law on 25 May 2018 and will like the the Data Protection Act 1998 before them, seek to strike a balance between the rights of individuals and the sometimes, competing interests of those such as the Council with legitimate reasons for using personal information.

The Council will ensure that individuals on whom personal information is kept are aware of their rights and have easy access to that information on request.

Making Information Available

The Publication Scheme is a means by which the Council can make a significant amount of information available routinely, without waiting for someone to specifically request it. The scheme is intended to encourage local people to take an interest in the work of the Council and its role within the community.

In accordance with the provisions of the Freedom of Information Act 2000, this Scheme specifies the classes of information which the Council publishes or intends to publish. It is supplemented with an Information Guide which will give greater detail of what the Council will make available and hopefully make it easier for people to access it.

All formal meetings of Council and its committees are subject to statutory notice being given on notice boards, the Website and sent to the local media. The Council publishes an annual programme in May each year. All formal meetings are open to the public and press and reports to those meetings and relevant background papers are available for the public to see. The Council welcomes public participation and has a public participation session on each Council and committee meeting. Details can be seen in the Council's Standing Orders, which are available on its Website or at its Offices.

Occasionally, Council or committees may need to consider matters in private. Examples of this are matters involving personal details of staff, or a particular member of the public, or where details of

commercial/contractual sensitivity are to be discussed. This will only happen after a formal resolution has been passed to exclude the press and public and reasons for the decision are stated. Minutes from all formal meetings, including the confidential parts are public documents.

The Openness of Local Government Bodies Regulations 2014 requires written records to be made of certain decisions taken by officers under delegated powers. These are not routine operational and administrative decisions such as giving instructions to the workforce or paying an invoice approved by Council, but would include urgent action taken after consultation with the Chairman, such as responding to a planning application in advance of Council - decisions which would have been made by Council or committee had the delegation not been in place.

The 2014 Regulations also amend the Public Bodies (Admission to Meetings) Act 1960 to allow the public or press to film, photograph or make an audio recording of council and committee meetings normally open to the public. The Council will where possible facilitate such recording unless it is being disruptive. It will also take steps to ensure that children, the vulnerable and members of the public who object to being filmed are protected without undermining the broader purpose of the meeting.

The Council will be pleased to make special arrangements on request for persons who do not have English as their first language or those with hearing or sight difficulties.

Disclosure Information

The Council will as necessary undertake checks on both staff and Members with the the Disclosure and Barring Service and will comply with their Code of Conduct relating to the secure storage, handling, use, retention and disposal of Disclosures and Disclosure Information. It will include an appropriate operating procedure in its integrated quality management system.

Data Transparency

The Council has resolved to act in accordance with the Code of Recommended Practice for Local Authorities on Data Transparency (September 2011). This sets out the key principles for local authorities in creating greater transparency through the publication of public data and is intended to help them meet obligations of the legislative framework concerning information.

“Public data” means the objective, factual data on which policy decisions are based and on which public services are assessed, or which is collected or generated in the course of public service delivery.

The Code will therefore underpin the Council’s decisions on the release of public data and ensure it is proactive in pursuing higher standards and responding to best practice as it develops.

The principles of the Code are:

Demand led: new technologies and publication of data should support transparency and accountability

Open: the provision of public data will be integral to the Council’s engagement with residents so that it drives accountability to them.

Timely: data will be published as soon as possible following production.

Retention and Disposal Policy

1. Introduction

- 1.1 The Council accumulates a vast amount of information and data during the course of its everyday activities. This includes data generated internally in addition to information obtained from individuals and external organisations. This information is recorded in various different types of document.
- 1.2 Records created and maintained by the Council are an important asset and as such measures need to be undertaken to safeguard this information. Properly managed records provide authentic and reliable evidence of the Council's transactions and are necessary to ensure it can demonstrate accountability.
- 1.3 Documents may be retained in either 'hard' paper form or in electronic forms. For the purpose of this policy, 'document' and 'record' refers to both hard copy and electronic records.
- 1.4 It is imperative that documents are retained for an adequate period of time. If documents are destroyed prematurely the Council and individual officers concerned could face prosecution for not complying with legislation and it could cause operational difficulties, reputational damage and difficulty in defending any claim brought against the Council.
- 1.5 In contrast to the above the Council should not retain documents longer than is necessary. Timely disposal should be undertaken to ensure compliance with the General Data Protection Regulations so that personal information is not retained longer than necessary. This will also ensure the most efficient use of limited storage space.

2. Scope and Objectives of the Policy

- 2.1 The aim of this document is to provide a working framework to determine which documents are:
 - Retained – and for how long; or
 - Disposed of – and if so by what method.
- 2.2 There are some records that do not need to be kept at all or that are routinely destroyed in the course of business. This usually applies to information that is duplicated, unimportant or only of a short-term value. Unimportant records of information include:
 - 'With compliments' slips.
 - Catalogues and trade journals.
 - Non-acceptance of invitations.
 - Trivial electronic mail messages that are not related to Council business.
 - Requests for information such as maps, plans or advertising material.
 - Out of date distribution lists.
- 2.3 Duplicated and superseded material such as stationery, manuals, drafts, forms, address books and reference copies of annual reports may be destroyed.
- 2.4 Records should not be destroyed if the information can be used as evidence to prove that something has happened. If destroyed the disposal needs to be disposed of under the General Data Protection Regulations

3. Roles and Responsibilities for Document Retention and Disposal

- 3.1 Councils are responsible for determining whether to retain or dispose of documents and should undertake a review of documentation at least on an annual basis to ensure that any unnecessary documentation being held is disposed of under the General Data Protection Regulations.
- 3.2 Councils should ensure that all employees are aware of the retention/disposal schedule.

4. Document Retention Protocol

- 4.1 Councils should have in place an adequate system for documenting the activities of their service. This system should take into account the legislative and regulatory environments to which they work.
- 4.2 Records of each activity should be complete and accurate enough to allow employees and their successors to undertake appropriate actions in the context of their responsibilities to:
- Facilitate an audit or examination of the business by anyone so authorised.
 - Protect the legal and other rights of the Council, its clients and any other persons affected by its actions.
 - Verify individual consent to record, manage and record disposal of their personal data.
 - Provide authenticity of the records so that the evidence derived from them is shown to be credible and authoritative.
- 4.3 To facilitate this the following principles should be adopted:
- Records created and maintained should be arranged in a record-keeping system that will enable quick and easy retrieval of information under the General Data Protection Regulations
 - Documents that are no longer required for operational purposes but need retaining should be placed at the records office.
- 4.4 The retention schedules in Appendix A: List of Documents for Retention or Disposal provide guidance on the recommended minimum retention periods for specific classes of documents and records. These schedules have been compiled from recommended best practice from the Public Records Office, the Records Management Society of Great Britain and in accordance with relevant legislation.
- 4.5 Whenever there is a possibility of litigation, the records and information that are likely to be affected should not be amended or disposed of until the threat of litigation has been removed.

5. Document Disposal Protocol

- 5.1 Documents should only be disposed of if reviewed in accordance with the following:
- Is retention required to fulfil statutory or other regulatory requirements?
 - Is retention required to meet the operational needs of the service?
 - Is retention required to evidence events in the case of dispute?
 - Is retention required because the document or record is of historic interest or intrinsic value?
- 5.2 When documents are scheduled for disposal the method of disposal should be appropriate to the nature and sensitivity of the documents concerned. A record of the disposal will be kept to comply with the General Data Protection Regulations.
- 5.3 Documents can be disposed of by any of the following methods:
- Non-confidential records: place in waste paper bin for disposal.
 - Confidential records or records giving personal information: shred documents.
 - Deletion of computer records.
 - Transmission of records to an external body such as the County Records Office.
- 5.4 The following principles should be followed when disposing of records:
- All records containing personal or confidential information should be destroyed at the end of the retention period. Failure to do so could lead to the Council being prosecuted under the General Data Protection Regulations.
 - the Freedom of Information Act or cause reputational damage.
 - Where computer records are deleted steps should be taken to ensure that data is 'virtually impossible to retrieve' as advised by the Information Commissioner.
 - Where documents are of historical interest it may be appropriate that they are transmitted to the County Records office.
 - Back-up copies of documents should also be destroyed (including electronic or photographed documents unless specific provisions exist for their disposal).

- 5.5 Records should be maintained of appropriate disposals. These records should contain the following information:
- The name of the document destroyed.
 - The date the document was destroyed.
 - The method of disposal.

6. Data Protection Act 1998 – Obligation to Dispose of Certain Data

- 6.1 The Data Protection Act 1998 ('Fifth Principle') requires that personal information must not be retained longer than is necessary for the purpose for which it was originally obtained. Section 1 of the Data Protection Act defines personal information as:

Data that relates to a living individual who can be identified:

- a) from the data, or
- b) from those data and other information which is in the possession of/or is likely to come into the possession of the data controller.

It includes any expression of opinion about the individual and any indication of the intentions of the Council or other person in respect of the individual.

- 6.2 The Data Protection Act provides an exemption for information about identifiable living individuals that is held for research, statistical or historical purposes to be held indefinitely provided that the specific requirements are met.
- 6.3 Councils are responsible for ensuring that they comply with the principles of the under the General Data Protection Regulations namely:
- Personal data is processed fairly and lawfully and, in particular, shall not be processed unless specific conditions are met.
 - Personal data shall only be obtained for specific purposes and processed in a compatible manner.
 - Personal data shall be adequate, relevant, but not excessive.
 - Personal data shall be accurate and up to date.
 - Personal data shall not be kept for longer than is necessary.
 - Personal data shall be processed in accordance with the rights of the data subject.
 - Personal data shall be kept secure.
- 6.4 External storage providers or archivists that are holding Council documents must also comply with the above principles of the General Data Protection Regulations.

7. Scanning of Documents

- 7.1 In general, once a document has been scanned on to a document image system the original becomes redundant. There is no specific legislation covering the format for which local government records are retained following electronic storage, except for those prescribed by HM Revenue and Customs.
- 7.2 As a general rule hard copies of scanned documents should be retained for three months after scanning.
- 7.3 Original documents required for VAT and tax purposes should be retained for six years unless a shorter period has been agreed with HM Revenue and Customs.

8. Review of Document Retention

- 8.1 It is planned to review, update and where appropriate amend this document on a regular basis (at least every three years in accordance with the *Code of Practice on the Management of Records* issued by the Lord Chancellor).
- 8.2 This document has been compiled from various sources of recommended best practice and with reference to the following documents and publications:
- *Local Council Administration*, Charles Arnold-Baker, 910^h edition, Chapter 11
 - Local Government Act 1972, sections 225 – 229, section 234
 - SLCC Advice Note 316 Retaining Important Documents

- SLCC Clerks' Manual: Storing Books and Documents
- *Lord Chancellor's Code of Practice on the Management of Records* issued under Section 46 of the *Freedom of Information Act 2000*

9. List of Documents

- 9.1 The full list of the Council's documents and the procedures for retention or disposal can be found in Appendix A: List of Documents for Retention and Disposal. This is updated regularly in accordance with any changes to legal requirements.

Chepping Wycombe Parish Council

The Management of Transferable Data Policy

Purpose

- 1.1 This policy supports the controlled storage and transfer of information by Councillors and all employees, temporary staff and agents (contractors, consultants and others working on behalf of the Council) who have access to and use of computing equipment that is owned by Chepping Wycombe Parish Council.
- 1.2 Information is used throughout the Council and is sometimes shared with external organisations and applicants. The use of removable media may result in the loss of the ability to access information, or interference with the integrity of information, which could have a significant effect on the efficient operation of the Council and may result in financial loss and an inability to provide services to the public.
- 1.3 It is therefore essential for the continued operation of the Council that the availability, integrity and confidentiality of all storage devices are maintained at a level which is appropriate to the Council's needs.
- 1.4 The aims of the policy are to ensure that the use of removable storage devices is accomplished with due regard to:
 - 1.4.1 Enabling the correct data to be made available where it is required
 - 1.4.2 Maintaining the integrity of the data
 - 1.4.3 Preventing unintended consequences to the stability of the computer network
 - 1.4.4 Building confidence and trust in data that is being shared between systems
 - 1.4.5 Maintaining high standards of care towards data and information about individual parishioners, staff or information that is exempt from disclosure
 - 1.4.6 Compliance with legislation, policies or good practice requirements

2 Principals

- 2.1 This policy sets out the principles that will be adopted by the Council in order for material to be safely stored on removable media so that the risk of loss or corruption to work data is low.
- 2.2 Removable media includes but is not limited to:
USB memory sticks, memory cards, portable memory devices, CD / DVDs, diskettes and any other device that transfers data between systems, or stores electronic data separately from email or other applications.
- 2.4 Any person who intends to store Council data on removable media must abide by this Policy. This requirement devolves to Councillors, employees and agents of the Council, who may be held personally liable for any breach of the requirements of this policy.
- 2.5 Failure to comply with this policy could result in disciplinary action.

3 Advice and Assistance

- 3.1 The clerk will ensure that everyone that is authorised to access the Councils information systems is aware of their obligations arising from this policy.

- 3.2 A competent person should be consulted over any hardware or system issues. Advice and guidance on using software packages should be also sort from a competent person.

4 Responsibilities

- 4.1 Clerks are responsible for enforcing this policy and for having arrangements in place to identify the location of all data used in connection with Council business.
- 4.2 Users of removable media must have adequate Records Management / Information Security training so that relevant policies are implemented.

5 Incident Management

- 5.1 It is the duty of all employees and agents of the Council to not allow storage media to be compromised in any way whilst in their care or under their control. There must be immediate reporting of any misuse or irresponsible actions that affect work data or information, any loss of material, or actual, or suspected breaches in information security to the clerk.
- 5.2 It is the duty of all Councillors/Employees to report any actual or suspected breaches in information security to the clerk.

6 Data Administration

- 6.1 Removable media should not be the only place where data created or obtained for work purposes is held, as data that is only held in one place and in one format is at much higher risk of being unavailable through loss, destruction or malfunction of equipment, than data which is routinely backed up.
- 6.2 Where removable media is used to transfer material between systems then copies of the data should also remain on the source system or computer, until the data is successfully transferred to another computer or system.
- 6.3 Where there is a business requirement to distribute information to third parties, then removable media must only be used when the file cannot be sent or is too large to be sent by email or other secure electronic means.
- 6.4 Transferring material to removable media is a snapshot of the data at the time it was saved to the media. Adequate labelling must be undertaken so as to easily identify the version of the data, as well as its content.
- 6.5 Files must be deleted from removable media, or the removable media destroyed, when the operational use of the material has been completed. The Council's retention and disposal schedule must be implemented by Councillors, employees, contractors and agents for all removable media.

7 Security

- 7.1 All storage media must be kept in an appropriately secure and safe environment that avoids physical risk, loss or electrical corruption of the business asset. Due to their small size there is a high risk of the removable media being mislaid lost or damaged, therefore special care is required to physically protect the device and the data. Anyone using removable media to transfer data must consider the most appropriate way to transport the device and be able to demonstrate that they took reasonable care to avoid damage or loss.

- 7.2 Virus Infections must be prevented from damaging the Councils network and computers. Virus and malware checking software approved by the Council, must be operational on both the machine from which the data is taken and the machine on to which the data is to be loaded. The data must be scanned by the virus checking software, before the media is loaded on to the receiving machine.
- 7.3 Any memory stick used in connection with Council equipment or to store Council material should usually be Council owned. However, work related data from external sources can be transferred to the Council network using memory sticks that are from trusted sources and have been checked using current anti-virus software.
- 7.4 The Council will not provide support or administrator access for any non-council memory stick.

8 Use of removable media

- 8.1 Care must be taken over what data or information is transferred onto removable media. Only the data that is authorised and necessary to be transferred should be saved on to the device.
- 8.3 Council material belongs to the Council and any equipment on which it is held should be under the control of the Council and not available to be used for other purposes that may compromise the data.
- 8.4 All data transferred to removable media should be in accordance with an agreed process established by the Council so that material can be traced.
- 8.5 The person arranging the transfer of data must be authorised to make use of, or process that particular data.
- 8.6 Whilst in transit or storage the data must be given appropriate security according to the type of data and its sensitivity.
- 8.7 Encryption must be applied to the data file unless there is no risk to the Council, other organisations or individuals from the data being lost whilst in transit or storage. If encryption is not available then password control must be applied if removable media must be used for the business purpose.

9 Faulty or Unneeded Storage Devices

- 9.1 Damaged or faulty media must not be used. The clerk must be consulted over any damaged equipment, peripherals or media.
- 9.2 All unneeded or faulty storage devices must be dealt with securely to remove the data before reallocating or disposing of the device.

10 Breach procedures

- 10.1 Users who do not adhere to this policy will be dealt with through the Councils disciplinary process.
- 10.2 Where external service providers, agents or contractors breach the policy, this should be addressed through contract arrangements.

11 Review and Revision

- 11.1 This policy will be reviewed annually by the Council and revised according to developments in legislation, guidance, accepted good practice and operational use.

12 Employees Guide in Brief

- 12.1 Data and information are valuable and must be protected.
- 12.2 Only transfer data onto removable media, if you have the authority to do so.
- 12.4 All transfer arrangements carry a risk to the data.
- 12.5 Run the virus checking programme on the removable media each time it is connected to a computer.
- 12.6 Only use approved products for Council data.
- 12.7 Activate encryption on removable media wherever it is available and password protection if not available
- 12.8 Data should be available for automatic back up and not solely saved to removable media.
- 12.9 Delete files from removable media, or destroy the media, after the material has been used for its purpose.

Chepping Wycombe Parish Council

Data Breach Policy

The General Data Protection Regulation defines a personal data breach as “a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data transmitted, stored or otherwise processed”. Examples include:

- Access by an unauthorised third party
- Deliberate or accidental action (or inaction) by a controller or processor
- Sending personal data to an incorrect recipient
- Computing devices containing personal data being lost or stolen
- Alteration of personal data without permission
- Loss of availability of personal data

Chepping Wycombe Parish Council takes the security of personal data seriously, computers are password protected and hard copy files are kept in lockable filing cabinets.

Consequences of a personal data breach

A breach of personal data may result in a loss of control of personal data, discrimination, identity theft or fraud, financial loss, damage to reputation, loss of confidentiality of personal data, damage to property or social disadvantage.

Duty to report a breach

If the data breach is likely to result in a risk to the rights and freedoms of the individual, the breach must be reported to the individual and Information Commissioners Office (ICO) without delay and, where feasible, not later than 72 hours after having become aware of the breach. It is imperative that the Data Protection Officer (DPO) be informed immediately so they are able to report the breach to the ICO in the 72 hour timeframe.

If the ICO is not informed within 72 hours, the DPO must give reasons for the delay when they report the breach.

When notifying the ICO of a breach, Chepping Wycombe Parish Council must:

- Describe the nature of the breach including the categories and approximate number of data subjects concerned and the categories and approximate number of personal data records concerned
- Communicate the name and contact details of the DPO
- Describe the likely consequences of the breach
- Describe the measures taken or proposed to be taken to address the personal data breach including, measures to mitigate its possible adverse effects.

When notifying the individual affected by the breach the DPO must provide the individual concerned with the above information.

Chepping Wycombe Parish Council would not need to communicate with the affected individual if the following applies:

- It has implemented appropriate technical and organisational measures (i.e. encryption) so those measures have rendered the personal data unintelligible to any person not authorised to access it.

- It has taken subsequent measures to ensure that the high risk to rights and freedoms of individuals is no longer likely to materialise, or
- It would involve a disproportionate effort

However, the ICO must still be informed even if the above measures are in place.

Data processors duty to inform Chepping Wycombe Parish Council

If a data processor (i.e. payroll provider) becomes aware of a personal data breach, it must notify Chepping Wycombe Parish Council without undue delay. It is then Chepping Wycombe Parish Council's responsibility to inform the ICO, it is not the data processors responsibility to notify the ICO

Records of data breaches

All data breaches must be recorded whether or not they are reported to individuals. This record will help to identify system failures and should be used as a way to improve the security of personal data.

Record of Data Breaches	Date of breach	Type of breach number of individuals affected	Date reported to ICO/ individual	Actions to prevent breach recurring

Chepping Wycombe Parish Council Publicity/Media Policy

Introduction

Communicating with the public is an important aspect of Parish Council business and it is vital that there be a strategy to ensure that information is relayed to residents in a timely and accurate manner. Chepping Wycombe Parish Council has a number of threads to its policy; it currently publishes a bi-annual Newsletter, maintains a website, and retains strong ties to local newspapers particularly the Bucks Free Press. This policy statement details the responsibilities for each of these areas and should be read in conjunction with Standing Orders and specifically with the provision of information under the General Data Protection Regulation.

All communications should be made by the Clerk of the Council

Dealing with the Press

It is not uncommon for reporters to seek ad hoc interviews with individual Councillors whose comments are then attributed to the Council when they are in fact simply personal views. This can clearly put the Council in an embarrassing situation and be misleading to Members of the public. Whilst Members cannot be prevented from talking to the Press, they must make it very clear that they are speaking as individuals unless the views being expressed have been previously endorsed by the Council.

Preferably, all dealings with the Press should be through the Clerk who is nominated as the formal press release officer. The Clerk will identify topics of community interest and will draft information releases that can be forwarded directly to local newspapers. The Clerk will aim to provide draft articles at least monthly. If the Clerk considers the topic to be highly contentious then an ad hoc meeting of the Publicity Sub Group will be called to approve the release. This may be done electronically.

Newsletters and Village Magazines

The Council will continue to publish a bi-annual Newsletter but, in addition, will endeavour to issue articles to our local village magazines at least bi-monthly.

The Clerk will act as Editor for the Parish Newsletter and will be responsible for arranging its printing and distribution. The Members of the Publicity Sub Group will write the articles for these newsletters although any Member is welcome to contribute pieces authored by them. All Council Members will have the opportunity to comment on the final draft of the Newsletter prior to its publication but the Editors decision is final.

In addition all Members are requested to provide articles for publication in the various village magazines.

Website

The Council website is edited by the Clerk of the Council. It will contain all documents that are not confidential and of general interest including but not limited to :

- a. News items and press releases
- b. Contact details and facilities
- c. Agendas and minutes,
- d. Newsletters
- e. Terms of Reference
- f. Location maps
- g. Reference Documents (ie Standing Orders) and Policy Documents
 - a. All as listed in the Publication Scheme.
- h. Councillors and Committees
- i. CWPC History

Other Media

The Clerk may from time to time use other media such as Facebook or Twitter to reach particular audience groups with the authority of the Publicity subcommittee and such approval may be given electronically.

CHEPPING WYCOMBE PARISH COUNCIL

COMPLAINTS PROCEDURE

When to use the complaints procedure **(not for complaints about individuals)**

It will not be appropriate for a local council to deal with all complaints from members of the public under a complaints procedure. The Council would consider engaging other procedures/bodies in respect of the following types of complaint:

Type of conduct

Criminal activity

The police

Member conduct

A complaint relating to a member's failure to comply with a council's code of conduct must be submitted to Wycombe District Council.

Employee conduct

As there is no statutory scheme for complaints about parish council employees. Any such complaints should be dealt with through the internal disciplinary process.

After the Meeting

13. The decision should be confirmed in writing within seven working days together with details of any action to be taken.

Chepping Wycombe Parish Council

Risk Management Strategy

Risk is the threat that an event or action will adversely affect an organisation's ability to achieve its objectives and to successfully execute its strategies. **Risk Management** is the process by which risks are identified, evaluated and controlled. It is a key element of the framework of governance together with community focus, structures and processes, standards of conduct and service delivery arrangements.

Risk Management is an essential feature of good governance, contributing to improved decision making and supporting achievement of objectives. When embedded within the existing planning and decision making process, risk management provides a basis for ensuring implications are thought through and ensures that the impact of decisions, initiatives and projects are considered and that any identified conflicts are balanced. This will influence success and improve service delivery.

Classification of Risk

Risks can be classified into various categories but it is important to recognise that for all categories any direct financial loss may have less impact than indirect costs, such as disruption of normal working or failure to fully implement policies.

Strategic Risk – long term adverse impacts of poor decision making or poor implementation. Such actions risk damage to the reputation of the Council and/or loss of public confidence.

Compliance Risk – failure to comply with legislation or laid down procedures, or the lack of documentation to prove compliance. Such actions risk exposure to prosecution, employment tribunals, inability to enforce contracts etc..

Financial Risk – fraud or corruption, waste, excess demand for services. Such actions risk impacting on financial reserves and ultimately Council tax levels, additional audit investigations, reduced service delivery options.

Operating Risk – failure to deliver services effectively, hazards to service users, the general public and/or staff, damage to property. Such actions risk damage to the reputation of the Council, as well as potential insurance claims, resulting in higher insurance premiums.

Risk Management Policy Statement

Chepping Wycombe Parish Council recognises that it has a responsibility to manage risks effectively, in order to protect its employees, assets, liabilities and community against potential losses, to minimise uncertainty in achieving its aims and objectives and to maximise the opportunities to achieve its vision. The Parish Council is committed to identifying, reducing or eliminating the risks to people, the natural and built it is however aware that some risks can never be fully eliminated.

The Risk management Process

Implementing the strategy involves identifying, analysing/prioritising, controlling and monitoring risks.

- Identifies the subject
- Identifies what the risk may be
- Identifies the level of risk
- Evaluates the management and control of the risk and records findings
- Reviews, assess and revises procedures if required

As included on the Risk Register attached to this document.

Roles and Responsibilities

It is important that risk management becomes embedded into the everyday culture and performance management process of the Council.

Elected Members – risk management is seen as a key part of the Elected Member’s stewardship role and there is an expectation that Elected Members will lead and monitor the approach adopted.

Clerk to the Council will:

- Provide advice as to the legality of policy and service delivery choices.
- Keep the Council updated on the implications of new or revised legislation.
- Provide advice on any human resource issues relating to strategic policy options or the risks associated with operational decisions.
- Report progress to the Council via the Finance and General Purposes Committee.
- Assess the financial implications of strategic policy options.
- Provide assistance and advice on budgetary planning and control.
- Ensure that the Financial Information System allows effective budgetary control.

Warden will;

- be responsible for the implementation and monitoring of risk assessments for all outside operational processes.

8. Conclusion

The adoption of a sound risk management approach should achieve many benefits. It will assist in demonstrating that the commitment to continuous service improvement and effective governance.
